

Book Collection Story

Author: Karo Haltmeier

In 2015 Kenthurst Rotary Club sent a container to Port Moresby, the capital of Papua New Guinea, to help replenish the National Library of the country. While there, we also delivered books to 4 schools, 4 hours' drive from Port Moresby. It was in one of the villages where I came across a brand new library built by Digicel PNG Limited (a telephone mobile company) under their foundation. It was empty so I approached Digicel and ask them if we could go into a partnership. They provide the shipping funds and Kenthurst Rotary Club provides the books. They have agreed and Kenthurst Rotary Club has collected enough books to fill a 20ft container.

“We are now in the process of packing the container and soon shipping it to Papua New Guinea.”
