

Book Collection Story Part II **The Loading**

Loading books for PNG Digicel Libraries

Author: Karo Haltmeier

We would like to send a big thank you to the schools, scout and cub clubs, rotary clubs and the public in the Hill Shire District for collecting so many books for the Papua New Guinea Digicel Libraries Initiative

Kenthurst Rotary Club have just packed a 20ft container with all the books you have donated on Saturday 4th of November.

16 Rotarians and families members totaling to 23 altogether lifted, carried, drove and packed the container. The container was parked on the side of the house and not close to the garage so we used 3 open back Utes to move the books from the garage to the container. As you can see from the pictures the container on the trailer is so high we also needed the Utes for height to load the container.

We completed the packing within a record time of 2 hours.

Just before the packing was completed Mike O'Connell started the barbecue.

When packing was done we all moved to the barbecue area and we had egg, sausage, bacon with coffee brought all the way from Kenthurst village.

Once again a very big "Thank You" to all who came and special thanks to Connor Bishop, Terry King's Son and his friend Josh and the Haltmeier family.

Best Regards Karo
